

TRACK ASSIGNMENTS

If you are bringing rail equipment to the Triennial, here is important information about how track assignments are communicated.

Even with our growing attendance, we have not been approved to add more sidings. Therefore, early registration and requesting a preferred location for your track assignment can help. Registrations entered closest to the 2022 June Triennial may be restricted as to total length.

Dean Willoughby has been doing Triennial Track assignments since 2012. Once you register your rail equipment when registering, within 1 month you should receive your track assignment via e-mail (from tm.trackassignment@att.net). He plans to publish the track assignments at least once a month on the "Train Mountain Group" Facebook page, starting November 15, 2021.

If you have not received yours within 1 month of registering, please send your inquiries to Dean at tm.trackassignment@att.net.

As in the past Triennials, track assignments are fluid until the 1st week of June. As the event progresses, we appreciate your patience if changes need to be made.

If changes are required, final track assignments will be in your Welcome Packet upon Check-in at the Katy Lane gate in South Meadow.
